CAREER OBJECTIVE

A Computer Science (Database Management) graduate with hands-on experience in IT and data-related tasks in the financial services industry. Seeking an opportunity to build a career across IT, Data, Asset Management, Application Support, or Digital Services. Eager to apply my existing knowledge in a practical work environment while gaining new experience and strengthening my technical and analytical capabilities.

WORK EXPERIENCE

Inbound Officer

RHB Bank Berhad

Jan 2026 – Mar 2026

Jalan Tun HS Lee, Kuala Lumpur

- Handled over 80 inbound calls daily to maintain professional service for loan-related inquiries and repayments.
- Resolved customer inquiries on first contact, covering balances, schedules, arrears, and restructuring.
- Logged and updated customer interactions in the CRM system to ensure accurate tracking and compliance.

IT Asset Management

Bank Islam Malaysia Berhad

July 2025 – Nov 2025

Menara Bank Islam, Kuala Lumpur

- Maintained and updated hardware and software asset records in FlexNet, ensuring accurate and reliable IT asset information.
- Updated and validated IT asset inventory records, including production server information, to support asset tracking, audit readiness, and compliance.
- Analysed server asset information to monitor End of Support (EOS) and End of Life (EOL) status, supporting asset lifecycle planning and risk identification.
- Managed software license renewals and upgrades, including Adobe products, ensuring licenses were properly maintained and available for end users.
- Performed data validation and reconciliation of IT asset records to identify missing, outdated, or inconsistent information and improve inventory accuracy.
- Prepared and contributed to monthly IT asset-related KRI reports, providing visibility into asset status, risks, and compliance.

Information Technology Intern

Bank Kerjasama Rakyat Malaysia Berhad

Oct 2024 – Mar 2025

Menara Kembar Bank Rakyat, Kuala Lumpur

- Conducted performance assessments across SD-WAN IP-VPN networks, identifying bottlenecks and reducing latency.
- Developed and implemented the IT Paper Management System to reduce manual processing by improving turnaround time.
- Assisted with IT procurement processes by preparing technical specification documents, procurement proposal papers for IT projects, and Request for Quotation (RFQ) requests.
- Supported ad hoc tasks, including designing posters, preparing visual materials, and assisting with other departmental activities as required.

EDUCATION

Bachelor of Computer Science (Database Management) With Honours

Universiti Teknikal Malaysia Melaka

April 2025 (Completed)
